

## Road Bike and Other Changes

### Summary

You can now submit an entry by machine type, TT, Road bike or Trike. You will now be able to filter CTT results by Gender and Machine.

### Benefits

You will now be able to:-

- Set your machine preference in your profile.
- Enter an event on the machine of your preference.
- Record Personal Bests by machine.
- Gain a Road Bike ranking in Spindata.
- Filter CTT Results by Gender and Machine.
- See Live Results by Machine on Resultsheet.

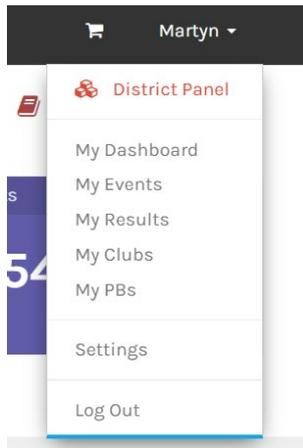

### To take advantage now!

- Set your default machine.
- Review your future entries and change the machine type for events still open.
- Turn up on a different bike and (subject to the organiser) have your performance recorded against the bike you rode rather than the one you entered on.

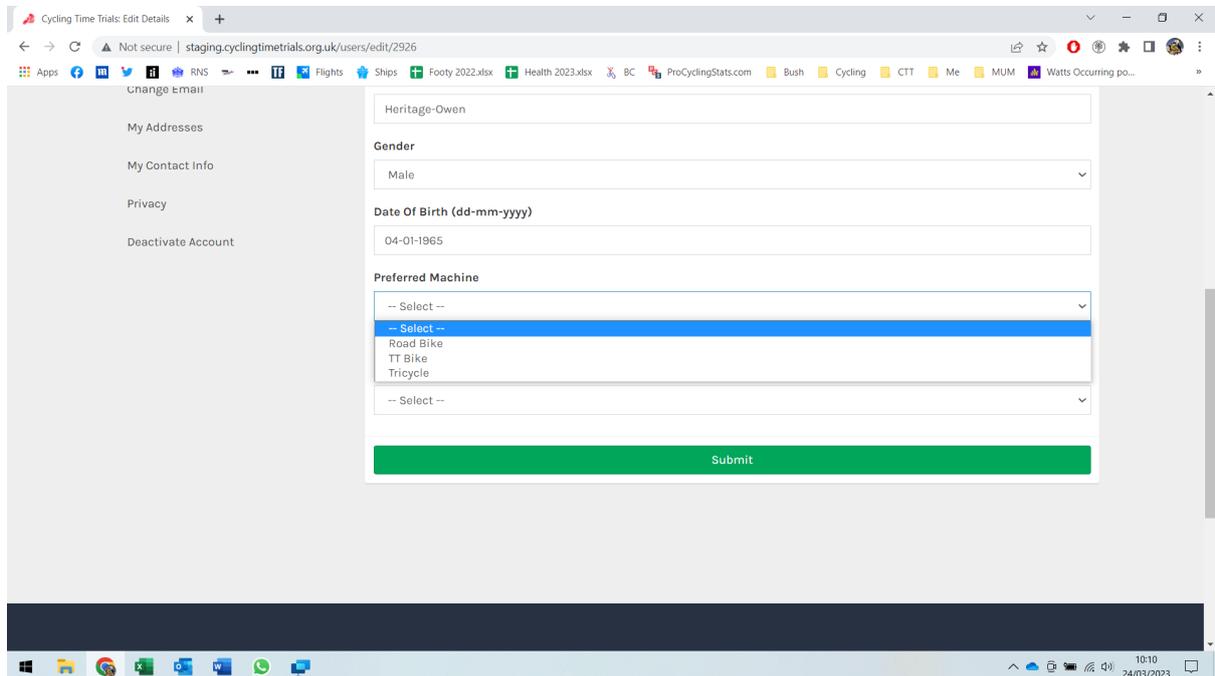

Note: Remember organisers are volunteers and they have the right to set their own prize criteria and handle this flexibility as they see fit. Be considerate.

## How to do this

### Set your default machine.

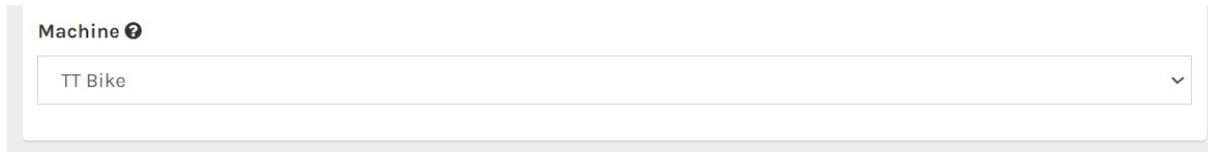

### Preferred Machine

### Preferred Machine

## Enter an event

You can change the machine at entry if you aren't riding your default machine. The default is shown and the dropdown will enable you to select the machine you want.

A screenshot of a form field labeled 'Machine' with a help icon. The dropdown menu is open, showing 'TT Bike' as the selected option.

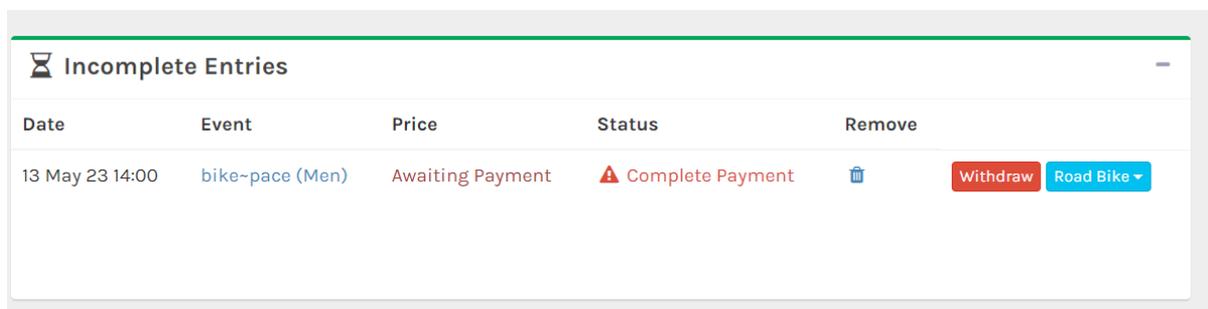

### Enter the event on the right machine.

There is validation, so enter road bike only events on a road bike or if Road Bike is your preference remember to change it if you want to ride a TT Bike.

### What if I change my mind

#### Up until the closing date

You can update your entry.

A screenshot of a table titled 'Incomplete Entries'. The table has columns for Date, Event, Price, Status, and Remove. The first row shows an entry for '13 May 23 14:00' for the event 'bike-pace (Men)' with a price of 'Awaiting Payment' and a status of 'Complete Payment' (indicated by a red warning icon). The 'Remove' column contains a trash icon, a 'Withdraw' button, and a 'Road Bike' dropdown menu.

Date	Event	Price	Status	Remove
13 May 23 14:00	bike-pace (Men)	Awaiting Payment	<span style="color: red;">⚠</span> Complete Payment	 <span style="background-color: red; color: white; padding: 2px 5px;">Withdraw</span> <span style="background-color: #007bff; color: white; padding: 2px 5px;">Road Bike ▾</span>

### Help the organiser and do it yourself!

#### After the entry date but before the start sheet is published

Ask the organiser BUT they aren't obliged to act on the request.

#### After the Start sheet has published – DO NOTHING

**On the day.** Let the start official know that you have changed machines. Remember this is admin that is at the organiser's discretion.

## Results

You can filter website result by Machine, Gender, and Categories. The placings for the selection will be numbered dynamically.
